How to cast the spell

Sit outside and look at the moon. Visualize her energy reaching to where you are and slowly bathing you.

Think about the person that you love for a minute.

Raise your arms and take a deep breath.

Release the air, slowly resting your hands on your lap. One hand on top of the other. Say the following spell out loud:

*“ Moon, Mother and Sister,
By your feminine power
I summon the forces.*

Use your Light so that he comes closer ”

Keep breathing deeply as you think about him (or her). Relax and meditate absorbing the energies of the Moon. Feel her power and know that she will help you conquer your goal.

Once you feel empowered, go back inside.

Do this for a total of 3 consecutive nights.
