How to cast the spell

The first step is to anoint the candles with the oil, which is known as "dressing the candle".

As you do this, try to visualize and focus on what your goal is. If you need a specific sum of money, visualize that money or picture how that money gets to you. Be creative but realistic.

Place both candles on your altar, about 9 inches apart from each other. Light them as you say the following chant:

***“ Money, money, come to me.
In abundance and in numbers multiplied by three.
Provide for me and make me healthy,
Harm no one, always protect me.
This I accept, so mote it be,
Money, money, come to me. ”***

Say it once, then snuff off the flame with a spoon or a wet finger.

Cast this spell a total of 9 days in a row; and each day that passes, before chanting the prayer, move the green candle 1 inch closer to the white candle. On the ninth day, when the candles are next to each other, your spell will be complete.
