How to do the ritual

Light a white candle on your altar or any table.

Hold your angel figurine or angel picture in your hands.

Say the following prayer once:

“ My Guardian Angel, here's my attention and my love.

You are my faithful friend who protects me.

I ask you to help me through this process so I can get a job fast.

*Help me communicate effectively during any job interviews,
before and after.*

*Eliminate all barriers and obstacles so that I can have a happy
and successful career from now on.*

*You are my Higher Being, with you I always want to walk. You
look after me with a tender and charitable gaze, sending joy
and blessing.*

*My gentle companion and friend, help me in this moment,
protect me today and always. Amen. ”*

Place your angel on the altar next to the candle, making sure it won't catch fire.

Let the candle burn on its own until it goes out.
