## How to cast the spell

Fix the two pink candles on a dish or on candle holders next to each other and light them.

Gently spray the photo with the perfume of your partner and put it inside the picture frame.

Place the frame facing the candles, so that the couple is facing them and receiving their light.

Breathe deeply and clear your head of all worries and fears. Focus on your goal. Visualize everything you want for your relationship. Say:

***“ I'm with you, Now and Forever ”***

Repeat the prayer several times and then end with "So mote it be!".

Keep focusing and visualizing a healthy relationship. Meditate for a few minutes and finally snuff out the candles.

Repeat this ritual every other day, or at least once a week re-using the same candles. It will help strengthen the bond between the two of you.
