How to cast the spell

Crush the rosemary leaves and set them aside.

Boil 5 cups of water, remove from the heat, add the crushed rosemary leaves, let infuse for 10 minutes.

Take a bath in the tub and after you are clean, pour the rosemary infusion from your neck down. Sit and relax.

Take a shower, put on some comfortable clothes and do not leave the house. Now go to your altar or work table.

On a piece of paper, using a black pen or marker, write down what you want to attract to your career, or what things you would like to improve in your workplace. Be very specific and detailed, it doesn't matter how many words it takes. Try to be realistic without downplaying your desires and expectations.

Arrange the 3 candles and a stick of cinnamon incense in a circle on your altar. Place the paper with your petition withing the circle, and light the candles and incense stick.

Breathe in deeply 3 times. Relax and focus on your feelings again. Read your petition and as you do this, visualize how this will manifest. Fill yourself with feelings of satisfaction and power.

Meditate on this for about 5 minutes, leaving all worries aside. Remember to smile. When you are fully relaxed, say the following prayer:

*“ Oh Goddess Mother, you are alive, you
are my guide.
In your name I ask that good luck and
fortune come to me.
Accompany me every day in my work
and my career.
So mote it be! ”*

Snuff the candles out and repeat the spell lighting the candles back every night for the following 7 days. On the last night, let the candles burn completely and then bury everything together.
