

# Gratitude Spell

We attract luck by vibrating in faith, joy, and gratitude. Cast this good luck spell to attract abundance and success.

- 1 white candle
- 7 red rose petals (fresh or dried)
- Coarse salt
- Dish

1. Place the dish on your altar.
2. Use a handful of salt to make a protective circle on the dish.
3. Place 7 petals of a red rose on top of the circle of salt.
4. In the center of the dish, light a white candle.
5. Sit, breathe slowly, and relax. Visualize all the paths in your life clearing and all the doors opening for you.
6. Empty your mind and meditate for 10 minutes. Focus on how you will be able to see and find all the opportunities around you.
7. When you're ready, say this chant out loud:  
*"For my abundance and success,  
I am thankful to my Higher Self.  
Because I have a purpose and love,  
Because you guide me from above.  
I am one with you. So mote it be."*
8. For seven days, repeat this same ritual, using the same ingredients and candle. On the last day, let the candle burn all the way.
