

# Prayer of Gratitude

- Chant this quick prayer to the Goddess and God to express your gratitude for the many blessings that surround us.  
Adapt this prayer to suit the day/time of year.

*My Lord and Lady, I thank You,  
For the land and sky and sea.  
There is so much You give me.  
So much that You share  
That it is hard to count the blessings  
And the ways that You care.*

*You have given me a home,  
And the trees that are above me.  
You have given me animal friends  
and fellow souls to guide me.  
For without friends,  
Where would we be?*

*On this day of equal light and dark  
I thank You for the balance.  
The mountains ablaze with color  
of the leaves turning into art.  
For the fruit of the vine  
And the apples of the trees.*

*I give thanks for all of these and more  
For the green blades of grass  
And the blue of the sea.  
For all of these and more,  
I give You thanks,  
My Lady and Lord.*
