

Four Thieves Oil

This oil can be used to purify the air, disinfect surfaces and protect from harmful pathogens. It also goes well with good luck spells and protection work.

- 6 ½ parts carrier oil (olive, almond, coconut)
- 2 parts clove essential oil
- 2 parts lemon essential oil
- ½ part cinnamon essential oil
- 1 part eucalyptus essential oil
- 1 part rosemary essential oil

1. Get a clean glass jar. If you have a specific need in mind, focus on your intention before starting.
2. Add each of the essential oils following the proportions mentioned above.
3. Store in a dark glass bottle.

This recipe is already diluted in a carrier oil so it can be applied to the skin. Do a skin patch test first.

If you want an extra powerful oil for spiritual use, follow the recipe without adding the base oil.

Four Thieves Oil can be used to purify the air with an infuser, or oil burner.

It can help disinfect surfaces and you can even wear it as your own protective perfume.
