

## PENTAGRAM

Formed from two Greek words - “penta-” meaning five and “-grammon” meaning line.

In Neoplatonism, the pentagram was said to have been used as a symbol or sign of recognition by the Pythagoreans, who called the pentagram ὑγίεια “health”.

## PENTACLE

From pentagram + circle.

Agrippa attributed the five neoplatonic elements (Air, Water, Fire, Earth and Spirit) to each of the five points of the pentacle, uniting them in perfect balance.

## INVERTED PENTAGRAM

Also known as Material Pentagram. “It is a symbol of evil because it overturns the proper order of things and demonstrates the triumph of matter over spirit.” - Éliphas Lévi

The Church of Satan embraced an inverted pentagram and a goat’s head as its symbol in 1966.
