

Orange Candles

Planet: Mercury

Day: Wednesday

Chakra: Sacral

Number: 2

Direction: South or East

Element: Air or Fire

Zodiac: Sagittarius

Crystals: Amber, Calcite, Carnelian, Sunstone.

Orange candles are used in spells for courage, stimulation, and attraction. They promote positive thinking, justice, courage, and change. In spells, they can add quick action and an energy boost.

Orange as a color combines the energy of yellow and red to bring forward the best of both worlds. Yellow brings forward mental agility that is powered through the action-oriented energy of red. Together they bring extroverted energy of force, revitalization, endurance, luck and pleasure.

How to Use Orange Candles

- ★ This candle provides clarity when you are feeling stuck, allowing you to focus and clear away creativity blocks.
- ★ Enhance and promote the activity of the sacral chakra, in order to induce and increase sensuality, joy, and playfulness.
- ★ Orange candles can revitalize a situation. Use them in spells to help freshen up the energy of anything that has been blocked, allowing you another chance at succeeding.

The best day for working with orange candles are Wednesdays, during the day or night, during any lunar phase.
