

Communication Spell

This Full Moon in Libra spell is designed to improve and stabilize all types of relationships.

- White candle
- Yellow candle
- Red envelope
- Pen and paper
- Rose essential oil or incense
- Cauldron or fireproof dish

1. Light the rose oil or incense to fill the room with its fragrance. Light the white candle and place it to your right. Light the yellow candle to your left.

2. Take the paper and pen and write a small intention. Here's an example:

"I now invite quality relationships in my life."

3. Focus and visualize yourself surrounded by harmonious, fulfilling relationships.

4. Hold the paper as it absorbs the fragrance for a few moments. Then put it inside the red envelope.

5. To seal the envelope, drip a small amount of wax from each candle onto it.

6. Place the envelope into the dish or burner and light it with the white candle. Let the paper burn completely, and when it's done, scatter the ashes and blow out the candles.
