Venus Invocation

Honor Venus might by creating a sacred space adorned with symbols of the goddess, such as roses, mirrors, and images of doves.

“Great Venus,
emerging from the foam of the sea,
Goddess of love, beauty, and fertility,
hear my plea.

Bless me with your favor,
that I may find Love that is true,
and connections that bind.

Guide my desires with your gentle hand,
Venus, eternal, in your grace I stand.”
