MAKE THEM TELL

a spell to get the truth

YOU WILL NEED:

- a white candle
- a piece of paper and a pen
- rosemary
- cayenne pepper powder
- ground coffee

INSTRUCTIONS

1. Begin by cleansing yourself and your space in whatever way works for you. If you cast a circle, now is the time to do so.

2. Take your piece of paper and write the person's name three times, rotate the paper & repeat this two more times. You will write their name 9 times in total.

3. As you write their name, focus on the truth you want to hear. See their face and visualize them telling you the truth. Hold this image in your mind as long as you need, tying the visualization and energy to the paper you hold.

4. When you are ready, set the paper down on your working space and dress the candle. Do this carefully, ensuring you don't use too much. Remember, this candle will burn and so will the ingredients you put on it!

5. Place the candle on top of the paper with the person's name and light it. As you light it, speak these words:

   [Person's Name] has spoken lies,
   Reveal them now before my eyes.
   Only words with truth I hear,
   Spoken loud and spoken clear.

6. Let the candle burn for several minutes while you focus on the flame and visualize getting the answers you seek.

7. Extinguish the candle when you are finished.

8. Every day for seven days leading up to the Full Moon, light the candle and repeat the visualization and chant.

9. On the Full Moon, repeat the spell and burn the paper with the person's name in a fireproof dish. Then, let the candle burn completely and dispose of the spell remains in your preferred method.
